Dear Sir or Madam:

My firm represents the family, survivors, and wrongful death beneficiaries of Ida Roberson, deceased. My firm is evaluating Ms. Roberson's medical records that were provided by the nursing home. We have consulted with an expert witness.

Please accept this letter pursuant to Miss. Code Ann. §15-1-36(15) as putting you on notice of our representation and the possible claim. At this time, we believe that the claim revolves around the care of Golden Living in Batesville, Mississippi in Panola County.

The legal basis of the claim revolves around the nursing and care that was provided to Ms. Roberson while she was a resident of Golden Living in April of 2011 until October of

EXHIBIT

A

2011. The claim would include but not necessarily be limited to negligence, violations of resident's rights, negligence per se, and medical malpractice and wrongful death. Ms. Roberson was a resident in need of care and assistance.

The medical records indicate that Ms. Roberson was found with an open area on her buttocks on July 10, 2011. From that point on, Ms. Roberson had multiple issues with her skin integrity including more new areas of skin breakdown on September 26, 2011 with documentation of areas on her hip and on her sacrum. The following is information pulled from the medical records that serve as examples of the skin issues, injuries and damages that Ms. Roberson had while she was a resident of Golden Living. This is not an exhaustive list as the medical records are quite large but serves to put you on notice of the types of issues and the nature of the injuries that Ms. Roberson suffered.

- 7/10/11 Open area found by CNA to both inner buttocks
- 7/26/11 Stage 2 decubitus buttocks 0.5 x 0.5 cm
- 8/21/11 Abrasion left labia
- 9/26/11 Redness to left hip thickened area and sacral area darkened area 2 x 2 cm
- 10/9/11 Coccyx wound on this date documented as 10 x 12 cm
- Left hip stage II 6 x 6 cm
- Right medial thigh 3 x 2 yellow slough; not staged
- Right posterior thigh stage III 2 x 2 cm

From the records, it is recorded that Ms. Roberson had a feeding tube. Ms. Roberson had an unplanned weight loss during her residency at Golden Living. Additionally, it is believed that Ms. Roberson was not provided basic custodial care. If this matter is litigated, it is possible that in discovery other issues may be revealed or discovered that may include acts of negligence, medical malpractice, violations of resident's rights that may have caused injuries and damages to Ms. Roberson.

Ms. Roberson died on October 18, 2011. Ms. Roberson suffered injuries and damages and poor care, including but not limited to, skin integrity issues, pressure ulcers, dehydration, nutritional issues, weight loss, infections, issues with her feeding tube, infections and death.

I know that you will send a copy of this correspondence to your professional liability insurance carrier and/or your risk manager and/or your legal counsel. You are welcome to contact me, or your representative is welcome to contact me. Please contact me at (901) 333-1817 should you wish to attempt to resolve this matter before my office files suit.

Sincerely yours,
